

333 MONTREAL ROAD

A COMMUNITY HUB THAT WILL SERVE AS A PLACE OF HOPE AND TRANSFORMATION

Giving Hope Today

A PLACE OF HOPE AND TRANSFORMATION

For more than 100 years, The Salvation Army has been a part of the Ottawa community, providing care and support to individuals and families when they have fallen on hard times, through programs and services such as:

-  Hunger relief for individuals and families through food banks and meal programs
-  Shelter for people experiencing homelessness and support for those needing housing
-  Spiritual care, advice, guidance, and counselling, for the purposes of developing positive and healthy lifestyles
-  Rehabilitation for those struggling with addiction
-  Long-term and palliative care
-  Christmas assistance in the way of food hampers and toys
-  After-school programs, camps, and school nutrition programs for children and youth
-  Life-skills classes such as budgeting and cooking for a family

INVESTING IN VANIER

Most recently, The Salvation Army submitted development applications to the City of Ottawa for the purposes of building a \$50-million multi-purpose, state-of-the-art facility on Montreal Road that will bring 150 jobs to the area, along with support services and programs for some of the most vulnerable residents of our community.

The project, designed by celebrated Ottawa architect Barry Hobin, will offer greatly enhanced programs and services for the entire community, along with office space, a coffee shop, thrift store, meeting rooms, courtyards, outdoor terraces, open community space and green space with gardens. The facility will be well-managed, well-supervised, and a secure space that will significantly improve the current environment, inspire higher confidence of the area, and help further the redevelopment of Montreal Road.

(Proposed facility for 333 Montreal Rd.)

The Salvation Army's vision is to create a Community Hub that will serve as a place of hope and transformation and provide a broad range of community services while acting as a catalyst for the redevelopment of Montreal Road. Programs and services will include:

A Coffee Shop and a **Thrift Store** that will be a place of welcome to the broader community and provide employment opportunities for those seeking to get back on their feet

Emergency Accomodation for those in need of immediate shelter and support

An Emergency Disaster Services Team that will continue to provide fast and efficient support to the City of Ottawa's First Responders and assistance to those affected or displaced by a disaster

A Housing Response Team and a **Landlord Partnership Program** that will help find permanent homes for individuals and families in the community who are facing barriers

Community and Family Services assists individuals and families with emergency food, clothing and household items and furniture vouchers along with advocacy and referrals in the broader community

Life Skills Residential Program that will help individuals create, achieve and maintain independent life goals, find and obtain housing, and reintegrate with their community

Addiction Services promotes rehabilitation through a 12 step recovering program for people suffering from addiction

A Special Care Unit with accommodations and services for individuals with a variety of health issues and require a supportive facility

Public Consultation and Open House

The Salvation Army and its partners invite the public to drop by, throughout the afternoon and evening, and learn more about this modern and dynamic facility.

Date: Wednesday, September 13, 2017

Time: 1-8pm

Location: Ottawa Conference and Event Centre 200 Coventry Road, Ottawa
